DETAILED ACTION

Response to Amendment

1. The declaration filed on 10 August 2007 under 37 CFR 1.131 and supplemented in the remarks filed 29 January 2008 is sufficient to overcome the Bocionek reference. The new effective filing date of 15 January 2001 has been accepted.

Response to Arguments

2. Applicant's arguments, see Pp. 6-8, filed 29 January 2008, with respect to the claims and prior filed affidavit have been fully considered and are persuasive. The rejection of claims 1-28 has been withdrawn.

Allowable Subject Matter

3. Claims 1-28 are allowed.
4. The following is an examiner's statement of reasons for allowance: the examiner agrees with the applicant regarding the novelty and non-obviousness of the invention.
5. The claims are drawn to a system of tabbing between multiple pages so that pages become hidden or visible as needed. At the time the invention was made, one of ordinary skill in the art would commonly use newly formed pages when tab switching, as opposed to hiding the inactive page. Therefore, the invention is novel and non-obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. They regard further background on the invention as currently defined.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MELVIN H. POLLACK whose telephone number is (571)272-3887. The examiner can normally be reached on 8:00-4:30 M-F.
